| Skin Consultation

30 Minutes

At Cheshire Treatment Lounge, we know that healthy, radiant skin goes deeper than the surface. Many skin concerns begin beneath the visible layers and can't always be diagnosed without advanced technology. That's why we use the Observ 520x—a cutting-edge skin analysis system that uses patented fluorescence and polarized light to reveal conditions invisible to the naked eye, even in their earliest stages.

This advanced system allows our experienced aestheticians to assess a wide range of skin conditions with precision, including:

- Acne & Blemishes
- Pigmentation & Sun Damage
- Dehydration & Dullness
- Sensitivity & Inflammation
- Signs of Ageing

| Alumier Chemical Peels

45 Minutes

The Alumier Chemical Peel is a professional, customizable exfoliation treatment designed to improve skin texture, tone, and clarity. Using a blend of gentle yet effective acids like glycolic, lactic, and salicylic acid, this peel helps to remove dead skin cells, reduce fine lines, minimize pores, and brighten dull complexions. It's suitable for all skin types and can be tailored to address concerns such as acne, discoloration, ageing or sensitivity, all with minimal downtime and irritation. Safe and effective, the Alumier Peel promotes smoother, healthier, and more radiant skin.

| Skin Microneedling

45 Minutes

Experience the transformative power of microneedling with Skin Pen. This innovative device uses tiny needles to create controlled micro-injuries on the skin, the depth of the needle is able to reach the dermis layer in the skin, causing the natural wound healing response to remould your skins current condition. Microneedling is ideal for reducing fine lines, wrinkles, acne scars, uneven texture, enlarged pores, and stretch marks, while also boosting skin firmness and promoting overall rejuvenation for smoother, healthier-looking skin.

£200 Course of 3: £550
Course of 6: £1000

| Deluxe Dermaplanning

40 Minutes

Experience smooth, radiant skin with our Dermaplaning service, which includes a cleanse, mask and LED Light Therapy. This treatment removes dead skin and peach fuzz, revealing a fresh, glowing complexion. Allowing make up to sit flawlessly on the skin.

£50 (Course of 3 £120)

| LED Light Therapy

30 Minutes

Rejuvenate your skin with the power of LED Light Therapy. This advanced, non-invasive treatment stimulates collagen production, reduces fine lines and wrinkles, and enhances overall skin tone and texture. After just a few 30 minute sessions, you'll notice a more youthful, radiant complexion.

£30 (Course of 3: £75)

| Platinum Hydrafacial

50 Minutes

The Platinum Hydrafacial is a 6 step treatment that includes; lymphatic drainage to remove toxins from the skin, a cleanse, deep exfoliation followed by an acid peel and zone extractions using our powerful suction device. The skin is then infused with super-serums filled with antioxidants, peptides and hyaluronic acid to boost hydration and protect skin from environmental damage. To finish we treat the skin with LED light therapy, leaving it recharged and renewed. We recommend a course of 6 for the best results.

£140 (Course of 6 £700)

| Signature Hydrafacial

30 Minutes

A streamlined 3-step treatment perfect for your lunch break. This express HydraFacial includes a deep cleanse, gentle exfoliation, and powerful extractions using vortex technology. Finished with a nourishing infusion of hydrating, antioxidant-rich serums, it leaves your skin fresh, smooth, and glowing—without the downtime.

CryoPen® Skin Lesion Removal

CryoPen is a fast, effective, and virtually painless freezing treatment for removing benign skin lesions such as warts, skin tags, and sun spots. Sessions take only minutes with no downtime. For safety and peace of mind, we work with Map My Mole, allowing any suspicious lesions to be reviewed by UK dermatology consultants within 48 hours.

Skin Lesion Removal

£70

We remove small lesions—such as skin tags, age spots, warts, and pigmented marks—using precise CryoPen technology. Treatment is fast with no downtime. Pricing includes removal of one lesion, with additional lesions charged at £20 each during the same appointment.

Mole Check Consultation

£100

During your visit, moles can be photographed and securely submitted to Map My Mole, where UK-based dermatologists provide an expert opinion within 48 hours—offering a fast alternative to lengthy NHS wait times.
